

# GTA-910

## Gas Leak Detector

The Gas Tech Australia GTA-910 is an economical, domestic, simply mounted gas detection system. The GTA-910 uses the latest platinum wire catalytic technology as used in Oil & Gas industry. This system is designed to be mounted near any gas appliance where a gas leak may occur. In the event of a gas leak the GTA-910 will sound a 70dB alarm and a yellow flashing LED gains attention. The Gas Tech Australia GTA-910 is the perfect choice for household and personal protection.

Model GTA-910

Type 240VAC, Catalytic, Diffusion, Instant, Domestic, Single

Power 220VAC~240V/50-60Hz

**THIS PRODUCT IS DISCONTINUED. PLEASE CONTACT US FOR AVAILABILITY.**

(LNG), Liquefied Petroleum Gas (LPG), Butane, Methane etc.

Detection Time Less than 10 seconds

Temperature -20°C ~ +50°C

Humidity 40% ~ 85%

Initial Delay Time 45 seconds

Power Consumption 2.0W in Ordinary, 2.1W in Alarming

Alarm Sound Over 70dB

Dimensions 80mm x 115mm x 40mm

Weight 300 grams
