testo 350 Flue gas and emission analyser

Professional measurement system for portable, industrial emission measurement.

- Can measure O₂/CO/CO_{low}/NO/NO_{low}/NO₂/CO₂ IR/SO₂/H₂S/C_xH_y
- Measure 6 gases simultaneously
- Innovative: The application-guided operation with helpful instrument pre-settings
- Elegant and clear: The large colour graphic display
- Robust design: The sealed housing makes the testo 350 insensitive to knocks and dirt
- Cost and time-savings: The new service concept offers fast access to wearing parts
- Large range of probes with ability to measure up to 1800 degrees
