8. HOW IS YOUR PERSONAL INFORMATION STORED?

We implement electronic and physical security measures to ensure that your personal information is stored in a secure environment and is protected from misuse, interference, loss, unauthorised access, modification or disclosure.

Our policy is to restrict access to your personal information to authorised persons who are our employees or contractors, on a need to know basis. We also take steps to destroy or delete your personal information when we no longer require it, as required by the APPs.

9. ACCESS TO PERSONAL INFORMATION

You can request access to, and corrections of, any personal information we hold about you at any time by submitting a written request, using the contact details set out in section 11.
